BREEDING DATES — A list showing service dates and other vital information will be provided sale day. All information from the auction block takes precedence over data in the catalog.

LIABILITY — The above guarantee and terms shall constitute a contract between the seller and buyer of each lot. Those working on the sale — including the sale manager and his staff, the auctioneers, clerks and ringmen — were hired for specific promotional and clerical tasks not connected with the condition of the premises. They accept no liability for the contract or for any accident that may occur. Accidents at cattle sales are very rare, but all who attend do so strictly at their own risk. Neither the owners, the helpers or the sale manager can be responsible for any accidents but they will make every effort to provide for the safety and comfort of those attending. Where footnotes appear in this catalog, they were furnished by the owners.

Welcome to Pleasant Valley

Angie Stirm

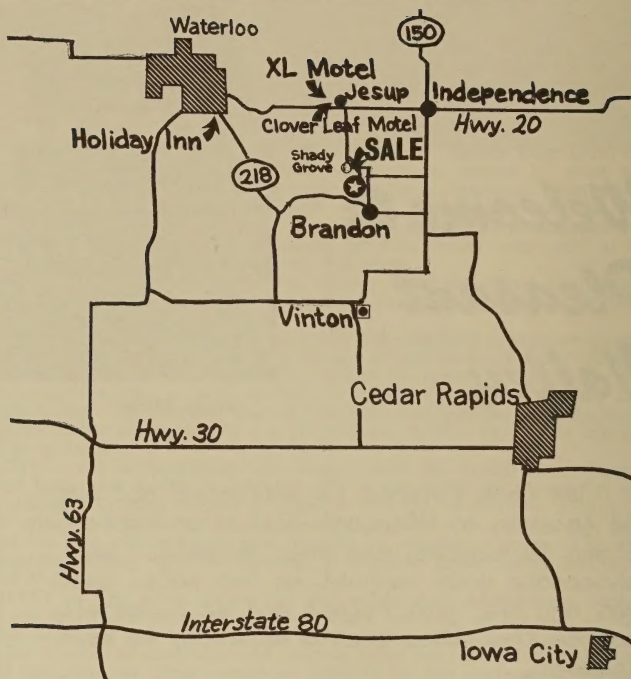

We look forward to welcoming all our old friends to Pleasant Valley on September 26 and to meeting new ones as well. We appreciate your support in our sales last year and the year before and we sincerely promise that this year's offering is even stronger.

Polled Shorthorns have provided a wonderful way of life for us and we are happy that the program has progressed to the point that an annual sale is possible here. With the help of our herdsman, Larry Reap, and of our guest consignors, Frank and Louis Dempster and Dr. Robert Savage, we'll do our best to make September 26 a profitable day for you.

We hope you will be with us. You are always welcome at Pleasant Valley.

Cordially,
The Stirms

ARRIVE EARLY

Come as early as you like on sale weekend to see the entire Pleasant Valley herd. The Dempster and Savage herds are both nearby and they would enjoy your visit. . . . Light refreshments will be served the afternoon before the sale at the farm. Lunch will be available on sale day as well.

Pictured above are four of the 15 good females that sell from the herd of Frank and Louis Dempster, Arlington, Iowa.

FROM THE SALE MANAGER

The Stirm-Dempster-Savage Polled Shorthorn sale has rapidly grown into one of the best on the fall schedule, with good reason.

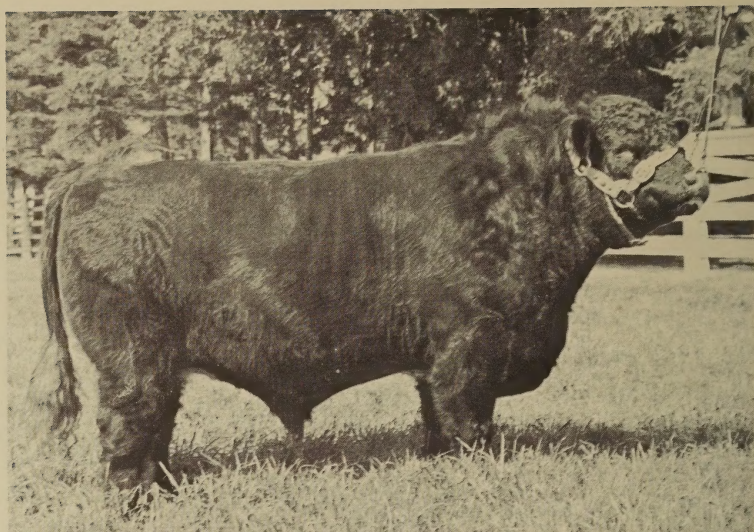

Ralph Stirm and his guest consignors are far-sighted men who realize the value of good merchandizing and good promotion. They also realize that only their best are good enough to use in building the reputation of their herds and their sale. Accordingly, they are sharing the best of their year's production with you. The program has worked well in the past and each year the sale has advanced in stature. Last year buyers attended from as far away as New York, Texas and Manitoba. They found what they wanted at prices that were profitable to both buyer and seller.

You'll find a strong line-up when you arrive this year. Since the last sale, new bulls have been added to each herd and they're the right kind. Study the reference sires carefully and you'll find that each herd has worked diligently to find bulls that will help both them and their customers.

Further, you can count on the honesty and reliability of each of the men in this sale. They've been in the business for years and they're in it to stay. No guarantee ever written could be better than their own fine reputations.

You'll like the cattle and the people you'll see on September 26. Plan now to be with them.

HUSBAND'S ROAN ROBIN x — For those who want more size and stretch in a polled bull, this one should do it. Has a strong polled pedigree for crossing on horned cattle. He has quality with extra good size. His grandsire, Lynnwood Jupiter x, was a long, heavy-boned bull with probably the best muscle and rear quarters of any bull ever used here. His only fault — he was short legged, but very smooth. Perhaps his best son was P V Jupiter 12th x, that weighed almost a ton in his working condition. HUSBAND'S EXTRA 2nd x — A dark, all red bull with the size and length of body that many are wanting today; also he has a solid polled pedigree behind him, which many need to strengthen the polled factor in their herds. His sire weighed 1,960 pounds. His dam is large, from the big cattle of S. B. Hudson & Son that have come modern today. Cloverdale Viking x was an outstanding breeding bull for us. He had size with quality, smoothness and very good feet. Will be semen checked and weight and rate of gain announced sale day.

GLORIADALE SUPREME x — Purchased among the tops of the 1965 Canadian International Bull Sale, Gloriadale Supreme x is easily one of the best bulls ever produced there. He is by Gloriadale Meteor 5th x that gave the breed many of its prepotent stock bulls. Freda Souchong x produced more top polled cattle than any other female at Gloriadale. Supreme gained 3.14 pounds a day on official Ontario test and has matured into a ton bull as was his sire. He's the bull for those wanting size and muscle with quality to burn. Nine daughters and three calves at foot sell in the Dempster consignment.

T P S CORONET CATALYST 18th x — He was purchased two years ago from Thieman's Polled Shorthorns, Concordia, Mo., to add even more length and size to the herd. He is by T P S Coronet Catalyst x, sire of the reserve senior champion female at the 1968 Illinois State Fair. Catalyst x is almost a full brother to T P S Coronet Leader 21st x, AAA. Moreover, the dam of Catalyst 18th x is a daughter of Leader 21st x. She is now in Cyrus Eaton's Acadia herd, Northfield, Ohio, where she weighs more than 1,600 pounds on pasture. The 18th x was grand champion at the big 1969 All-Iowa Fair in Cedar Rapids under judge Russell Held, who called him one of the biggest and best polled bulls he had seen. He was also grand champion at the 1969 American Royal, won his class at Chicago and was All-American. This year, one of his first sons was grand champion at Cedar Rapids, Iowa. Here is the genuine length, muscle and elevation breeders are talking about. If you're serious about adding these modern qualities, you can buy Catalyst 18th x service with all of the Gloria-dale Supreme x heifers selling in the Dempster consignment. Three of these females already have 18th x calves at foot and five will be bred to him. Two young daughters sell.
